Canadian Healthcare
Engineering Society

Société canadienne d'ingénierie
des services de santé

Building Member Expertise

Mission:

Building member expertise

Vision:

Excellence through partnerships,
innovation, accountability and education

We Value:

- Respect
- Teamwork
- Knowledge
- Accountability

Who are we?

- ◆ A national professional society representing individuals who practice the art and science of engineering and facilities management in healthcare institutions.
- ◆ Founded in 1980, it currently represents over 1000 individuals active in the delivery of healthcare engineering technology in the areas of administration, planning, design, construction, operations and management of facility technical services systems.

Provincial Chapters

- ◆ Alberta
 - ◆ British Columbia
 - ◆ Manitoba
 - ◆ Maritime
 - ◆ Newfoundland and Labrador
 - ◆ Ontario

Committees

- ◆ Communications Committee
- ◆ Healthcare Standards Committee
- ◆ Membership & Public Relations Committee
- ◆ Partnership and Advocacy Committee
- ◆ Professional Development Committee

Awards & Recognition

- ◆ Hans Burgers Award for Outstanding Contribution to Healthcare Engineering

- ◆ Wayne McLellan Award of Excellence in Healthcare Facilities Management

Going Green - Sustainability

- ◆ Member of the Canadian Coalition for Green Healthcare
- ◆ Green Park in the Tradeshow

Canadian Healthcare Facilities

CHES Official Journal

- ◆ Themed editions
- ◆ CSA Corner
- ◆ Chapter Reports
- ◆ Quarterly issues
- ◆ Announcements, updates
member input

Canadian Healthcare Construction Certificate

- ◆ Only course in Canada designed for healthcare construction professionals
- ◆ Gives company a competitive edge in negotiations and bidding on healthcare projects
- ◆ Certificate course valid for 3 years renewal options
- ◆ Considering Professional Designation
