Partnerships & Advocacy Committee Report

- During the year we have met 4 times
- The first meeting in December was an introduction of the members, expectations and goals
- The second meeting which took place in January we re-organized the work plan removed items completed and put dates to those that needed to be completed. We divided the tasks in to sub groups
- One task was to build a template and policy to be used with future partnerships. Sarah Thorne and Richard White did a fantastic job on putting this together. This will be discussed at the Board Meeting on September 22, 2012
- The next task was to form a partnership with the CCHL, after making some revisions this document was sent back and will be presented at the Board Meeting on September 12, 2012
- The next time the P and A committee will meet is Monday September 24th in Montreal we hope to revise the work plan and set future meeting dates.

Respectfully Submitted

Allan Kelly
